ABOUT US

Our Associates are dedicated students who have at least a 3.0 GPA and have an interest in bioethics and public health ethics. These are students who not only have the potential to be full members of the Bioethics Honors Program but wish to enhance their ethical and professional development, and are committed to academic excellence and service.

WELCOME
**Bioethics Program**

Open to all students regardless of their major. Exists to enhance students’ ethical, professional, service and intellectual life.

**Ethical Development**

Through group discussions, presentations, conferences, film critiques, group reading sessions, and other activities that combine the sciences and the arts, students learn how to engage critical issues in various spheres of ethics.

**Academic Excellence**

We encourage academic excellence and provide students with a community of individuals who stand for high ideals of intellectual pursuit and compassionate service.

**Bioethics Honors Program Requirements:**

- Current freshman or sophomore status
- 30 or more credit hours earned
- Must declare a minor in Bioethics
- Complete 2 courses per academic year with a “B” or higher
- Maintain a 3.5 cumulative GPA
