Peace Corps Prep Student Guide

The Peace Corps Prep program will prepare you for international development fieldwork and potential Peace Corps service. To accomplish this, you'll build four core competencies through interrelated coursework, hands-on experience, and professional development support. These four competencies, or “learning objectives,” are the following:

1. Training and experience in a work sector
2. Foreign language skills
3. Intercultural competence
4. Professional and leadership development

This document explains each of these requirements in detail. Use this guide to map out your Peace Corps Prep course of study. In particular, refer to this when completing your PC Prep application, where you’ll need to document how you plan to fulfill each requirement. This guide aligns point-by-point with each section of the application!

1. Training and experience in a specific work sector

3 courses + 50 hours related

Leveraging concrete knowledge and skills is central to on-the-ground international development work. Through this PC Prep program, you will begin to build a professional specialty, which should serve your career well whether or not you become a Peace Corps Volunteer.

For PC Prep, you need to complete at least 3 courses that align with a specific work sector (they can but do not need to come from your academic major or minor). You also must accumulate a minimum of 50 hours of volunteer or work experience in that same sector, preferably in a teaching or outreach capacity.

Peace Corps Tip!

If you intend to apply to the Peace Corps, the best way to assure that you will be a strong candidate is to identify the type of assignments in which you’d like to serve through this interactive tool (www.peacecorps.gov/openings), then review the positions’ desired qualifications and build them up accordingly. In the process, you should fulfill these PC Prep experiential requirements!

There are six sectors in which Peace Corps Volunteers serve—detailed below. Choose one sector to focus on then complete at least 3 courses + 50 hours of related experience in that sector.
Note: Actual Peace Corps assignments are based on local needs, and thus may or may not align seamlessly with your qualifications. Flexibility is central to the Peace Corps experience!

#1 **EDUCATION** ([www.peacecorps.gov/volunteer/learn/whatvol/edu_youth/assignments/](http://www.peacecorps.gov/volunteer/learn/whatvol/edu_youth/assignments/))

Teach lessons that last a lifetime. Education is the Peace Corp's largest program area. Volunteers play an important role in creating links among schools, parents, and communities by working in elementary, secondary, and postsecondary schools as math, science, conversational English, and resource teachers or as early grade reading and literacy teacher trainers. Volunteers also develop libraries and technology resource centers.

*If you choose Education, take 3 courses from one of the following areas:* Any courses in education, English, math, computer science, physics, engineering, chemistry, or biology.

#2 **HEALTH** ([www.peacecorps.gov/volunteer/learn/whatvol/health/assignments/](http://www.peacecorps.gov/volunteer/learn/whatvol/health/assignments/))

Serve on the front lines of global health. Health Volunteers work within their communities to promote important topics such as nutrition, maternal and child health, basic hygiene, and water sanitation. Volunteers also work in HIV/AIDS education and prevention programs to train youth as peer educators, develop appropriate education strategies, provide support to children orphaned by the pandemic, and create programs that provide emotional and financial support to families and communities affected by the disease.

*If you choose Health, take three courses from one of the following areas:* Any courses in biology, nursing, environmental sciences, health, public health and/or nutrition.

#3 **ENVIRONMENT** ([www.peacecorps.gov/volunteer/learn/whatvol/env/assignments/](http://www.peacecorps.gov/volunteer/learn/whatvol/env/assignments/))

Help forge a global movement to protect our planet. Volunteers lead grassroots efforts in their communities to protect the environment and strengthen understanding of environmental issues. They teach environmental awareness in elementary and secondary schools and to youth groups and community organizations, empowering communities to make their own decisions about how to protect and conserve the local environment. Volunteers also address environmental degradation by promoting sustainable use of natural resources.

*If you choose Environment, take three courses from one of the following areas:* Any courses in environmental studies, plant sciences, soil sciences, wildlife, or forestry resources in addition to BIOL 140/141, 206, 207, 301, 303, 311, 501, 505, 507, 510, 511, 513, 530, 565 or any marine biology courses

#4 **AGRICULTURE** ([www.peacecorps.gov/volunteer/learn/whatvol/agr/assignments/](http://www.peacecorps.gov/volunteer/learn/whatvol/agr/assignments/))

Lead grassroots efforts to fight hunger in a changing world. Agricultural Volunteers work with small-scale farmers and families to increase food security and production and adapt to climate change while promoting environmental conservation practices. They introduce farmers to techniques that prevent soil erosion, reduce the use of harmful pesticides, and replenish the soil. They work alongside farmers on integrated projects that often combine vegetable gardening, livestock management, agroforestry, and nutrition education.

*If you choose Agriculture, take three courses from one of the following areas:* Any courses in food and agricultural sciences, including food sciences, animal sciences, plant and soil sciences, agribusiness, agricultural economics as well as courses cross-listed with agricultural related courses, including those in biology, business, engineering, etc. as well as courses in business.
#5 **YOUTH IN DEVELOPMENT**

(www.peacecorps.gov/volunteer/learn/whatvol/youth/assignments/)

Empower the next generation of changemakers. Volunteers work with youth in communities on projects that promote engagement and active citizenship, including gender awareness, employability, health and HIV/AIDS education, environmental awareness, sporting programs, and info technology.

*If you choose Youth in Development, take three courses from one of the following areas: Any courses in education, sociology, social work, PSYC 270, 272, 273, 274, 303, 306, 410, 420, 523, 570.*

#6 **COMMUNITY ECONOMIC DEVELOPMENT**

(www.peacecorps.gov/volunteer/learn/whatvol/busdev_01/assignments/)

Harness 21st-century tools to help communities lift themselves. Volunteers work with development banks, nongovernmental organizations, and municipalities to strengthen infrastructure and encourage economic opportunities in communities. They frequently teach in classroom settings and work with entrepreneurs and business owners to develop and market their products. Some Volunteers also teach basic computer skills and help communities take advantage of technologies such as e-commerce, distance learning, and more.

*If you choose Community Economic Dev., take three courses from one of the following areas: Any courses in economics, computer science, accounting, business, agribusiness, graphic design, architecture, construction science, engineering, mass communications, agricultural economics, FPAR 110, 203, 204.*

***Peace Corps Tip!* Nearly **two-thirds** of Peace Corps Volunteers serve in Education or Health. Coursework and meaningful experience in one of these areas—especially teaching English as a second/foreign language—produce some of the strongest candidates.

## 2. Foreign language skills

**Requirements vary**

Working across cultures often entails verbal and nonverbal languages distinct from your own. Building foreign language skills is thus a second key component of the PC Prep curriculum.

*Where would you like to serve?* PC Prep minimum course requirements align with those needed by applicants to the Peace Corps itself, which vary by linguistic region.

- **Latin America**: Individuals wanting to serve in Spanish-speaking countries must apply with strong intermediate proficiency. This typically means completing **two 200-level courses.**
- **West Africa**: Individuals wanting to serve in *French-speaking* African countries should be proficient in French (or, in some cases, any Romance Language), usually through one 200-level course.
- **Everywhere else**: The Peace Corps has **no explicit language requirements** for individuals applying to serve in most other countries. However, you will still likely learn and utilize another language during service, so it is only helpful to have taken at least one foreign language class.

Foreign/Non-English Language Skills (minimum of two 200 or higher level courses)

a. **French**
   i. FREN 101 Elementary French I
   ii. FREN 102 Elementary French I
   iii. FREN 201 Intermediate French I
   iv. FREN 202 Intermediate French II
   v. FREN 301 Advance French I
   vi. FREN 302 Advance French II

b. **Spanish**
   i. SPAN 101 Elementary Spanish I
   ii. SPAN 102 Elementary Spanish I
   iii. SPAN 201 Intermediate Spanish I
   iv. SPAN 202 Intermediate Spanish II
   v. SPAN 203 Business Spanish I
   vi. SPAN 204 Business Spanish II
   vii. SPAN 301 Advance Spanish I
   viii. SPAN 302 Advance Spanish II

c. **Swahili**
   i. SWAH 101 Elementary Swahili

*Note*: If you are a strong native speaker and want to serve in a country that speaks your same language, you can skip this requirement!

### 3. Intercultural competence

3 approved

Engaging thoughtfully and fluidly across cultures begins with one’s own self-awareness. With this learning objective, you will deepen your cultural agility through **a mix of three introspective courses** in which you learn about others while reflecting upon your own self in relation to others. The goal is for you to build your capacity to shift perspective and behavior around relevant cultural differences. Courses include the following:

Cultural/Area/International Development Studies
   a. AGEC 501, 502, 602
b. APSC 501, 511, 512 (or equivalents)
c. FPAR 203
d. BUSN 402, 412
e. ECON 412, 511, 512, 513,
f. EDUC 422
g. ENGL 333, 501
h. GEOG 334
i. HIST 220, 221, 313, 315
j. MUSC 303
k. CSCI 100
l. PHIL 352, 353, 357
m. POLS 320, 321, 330, 420, 421, 432
n. SOCI 210, 543, 360

If there another course in the catalog that you feel meets this requirement? Please discuss it with your PC Prep Coordinator.

Peace Corps Tip! Prolonged intercultural experiences—such as studying or volunteering abroad, supporting new immigrants or refugees acculturate to the United States, or volunteering in diverse schools—would also strengthen your Peace Corps candidacy significantly.

4. Professional and leadership development

Resume and interview support + Leadership

International development is a highly professional sector. It is difficult to break into and demands great initiative and leadership to advance professionally within the field. PC Prep requires three specific activities that will strengthen your candidacy for the Peace Corps (or any other professional endeavor):

1. Have your resume critiqued by someone in the Career Development and Placement Services Office.
2. Attend a workshop or class on interview skills at the Career Development and Placement Services Office.
3. Develop at least one significant leadership experience and be prepared to discuss it thoughtfully. For example, organizing a campus event, leading a work or volunteer project, or serving on the executive board of a student organization.

Additional recommendation(s): A study abroad or international experiential learning experience is strongly encouraged and will help you to build a better application to the Peace Corps and introduce you to cultures outside the US.
