KHEAA VERIFICATION PROCESS

For Students and Parents

If you are chosen for FAFSA verification,
DON'T PANIC. YOU’VE DONE NOTHING WRONG!

DON'T DELAY
It's important to complete verification as soon as you're notified so there are no delays with your financial aid.

The U.S. Department of Education requires some students to verify the information submitted on the FAFSA. If you’ve been selected for verification, you MUST provide the information requested or you’ll NOT be eligible for state or federal aid.

HELPFUL HINTS

- Complete all requested forms and answer all questions, even if it is a "0."
- Sign where required – stamped or computer-generated signatures are not acceptable.
- Include student’s name and school ID on each form and document.
- Monitor your KHEAA Verify account for up-to-date status information.
- Allow a minimum of 10 business days for your information to be processed.

1. Go to KHEAAVerify.com and click sign in button at the top of the website.
2. Sign in or click Register and fill out all the information to create a MyKHEAA account.
3. If you are a dependent student, your parent will also need to create a MyKHEAA account.
4. Once you are logged in, click KHEAA Verify.
5. The student should log out and the parent should log in under the parent’s account. Parents should click the Parent eSign button to sign the student's worksheet.
6. Click Worksheet to start a new verification worksheet or complete an existing worksheet.

If you’re a tax filer, you must provide your IRS tax information after you complete the worksheet.

The process above is for students at colleges or universities using the KHEAA Verify program.
