Experience

September 2022 - Current (Tuskegee, Alabama)

FACULTY STUDIO ASSISTANT in the **DEPARTMENT OF ARCHITECTURE**, Robert R. Taylor School of Architecture and Construction Science (TSACS).

As a Faculty Assistant, I am currently responsible for assisting with class course lectures, student project critiques, and assignment grading.

January 2022 - August 2022 (Birmingham, Alabama)

DESIGNER, Executive Director Regional Planning Commission

As a designer my responsibility was to design illustrations for a construction toy concept with the utilization of Architectural, Adobe, and other 3D illustrative or drafting software.

May 2021 - July 2021 (Auburn, Alabama)

GRADUATE SCHOOL OFFICE ASSISTANT, Auburn University.

As an office assistant, I held the responsibility of completing the following task: | Formulating and updating TV slides for nominations and announcements | Creating new graduate school social media and website banners | Completing minor errands.

May 2017 - August 2017 (Auburn, Alabama)

QUALITY CONTROL INSPECTOR, Plamastic (Soehan Plant 1).

As a quality control inspector, I was responsible for overall inspection of products developed on the four axle assembly lines which included: | Detecting and evaluating parts for defects | Monitoring the torque values of bolts | Checking applied sensors of axles | Utilizing torque tools from the company.

October 2016 - April 2017 (Shorter, Alabama)

ASSEMBLY FEM LINE, Plamastic (Hanon Systems).

As a worker on the Fem line, I helped to assemble: | Front car modules production | Cooling modules onto racks.

December 2015 - October 2016 (Auburn, Alabama)

MACHINE OPERATOR, Plamastic (SCA Auto-Tech).

As a machine operator, I was responsible for handling: | Assembling hoses and insulation adhesives to molded micro automobile parts.

July 2014 - April 2015 (Opelika, Alabama)

SALES ASSOCIATE, Citi Trends.

As a sales associate I was responsible for:

| Stocking store items | Tending to the cash register | Benevolently, assisting customers | Maintaining a safe clean store environment.
