Dear Dr. Troy,

At our July 2019 Annual Meeting, the American Council for Construction Education reviewed the Second Year Progress Report for the Construction Science and Management Program at Tuskegee University. The report as submitted was accepted. Actions taken by the Program to correct or alleviate the Weaknesses and Concerns cited in the 2017 Visiting Team were approved.

From the information provided in the Progress Report, the Council provides the following summary comments:

The Council appreciates the work being done to alleviate the three Weaknesses and two Concerns and looks forward to learning of continued progress, in the Third-year Progress Report.

If you have any questions, please contact me at 972-600-8800. We look forward to continued cooperation in the accreditation process between ACCE and Tuskegee University.

Congratulations!

Steve Nellis
President / CEO
