If you are a faculty member:

☐ You have completed CITI training.
☐ Other PIs, Co-Is or key personnel with access to identifiable data have completed CITI training.

If you are a student:

☐ Your FACULTY ADVISOR is listed as the Principal Investigator (PI).
☐ You are listed as the Co-PI.
☐ Your FACULTY ADVISER/PI has completed CITI training.
☐ You have completed CITI training.
☐ Signatures have been obtained:
  ☐ Your Faculty Adviser/PI signed the PI line
  ☐ OR the application is emailed from the PI’s TU email

☐ You have spell checked the application and all appendices. Spell check does not work on the application since it is a locked document, so double check your work. The committee will not disapprove a protocol application with spelling and grammatical errors, but it looks unprofessional. Errors on consent forms, however, must be addressed before approving.

☐ You have translated recruitment materials, consent forms, and data collection tools (if applicable). If your subjects speak a language other than English, you must translate anything they will see and the IRB must have a copy.

☐ Email completed application and ALL applicable appendices (see below) to HumanSubjects@boisestate.edu. You can send these documents as Word documents or PDFs.

☐ Submit the signed signature page. You can submit the signature page a couple ways:
  ☐ Scan and email a PDF

☐ If your application needs FULL BOARD review, you have checked the online calendar for full board review meetings. The application and all appendices are being submitted TWO WEEKS PRIOR to the scheduled meeting.
