

## College of Veterinary Medicine

### Ehsan Abdalla

*Assistant Professor of Public Health/Director of Analytics*

Department: Graduate Public Health

Phone: (334) 727-8042

Fax: (334) 724-7724

E-mail: eabdalla@tuskegee.edu

### EDUCATION/TRAINING

Institution and Location	Degree	Graduation Year	Major
Fasial Abad Agriculture University, School of Veterinary Medicine, Pakistan	DVM	1993	Veterinary Medicine
Fasial Abad Agriculture University, School of Veterinary Medicine, Pakistan	MSc	1995	Veterinary Pathology
Tuskegee University, College of Veterinary Medicine Nursing and Allied	MSc	2011	Epidemiology, Risk Analysis & Geographic Information Systems
Tuskegee University, College of Veterinary Medicine	PhD	2017	Epidemiology and Risk Analysis & Information Systems
Tuskegee University	Post-doc	2017-2019	Epidemiology, Risk Analysis and Health Disparities

### TEACHING

Risk Analysis and Modeling

Biomedical Statistics-Lab

Health Disparities

Special Problems

### RESEARCH INTERESTS

Risk Analysis and Modeling: to provide a framework for health services related researchers, practitioners, and policy makers to guide future cervical, breast cancer, Influenza and HIV/AIDS health disparities research in areas ranging from detecting differences in health and health care to understanding the determinants that underlie disparities to ultimately designing interventions that reduce and eliminate these disparities in underserved communities.

### RECENT PUBLICATIONS

- Oyoyo Egiebor-Aiwan, Isra Elhussin, Ronald Peaster, Crystal M James, John Heath, David Nganwa and **Ehsan Abdalla\***. The Impact of Race and Geographical Location on the Options for Treatment of Cervical Cancer in Black and White Women Living in Alabama. Submitted and accepted for publication in the *Journal of Healthcare, Science and the Humanities (JHSH)*, on October 30, 2019, No: JHSH-19F-V9-3. In press.
- On Sunday, September 8, 2019, the article entitled “TU workshops seek to increase awareness, hope”, reporting the community engagement in Bullock County of Alabama led by **Dr. Ehsan Abdalla\*** in collaboration with RCMI and the Department of Graduate Public Health was published on Opelika-Auburn News at [www.oanow.com](http://www.oanow.com). The workshop sponsored by the Tuskegee University Center for Biomedical Research/Research Centers in Minority Institutions (TU CBR/RCMI) Program at the National Institute of Health (NIH) (CBR/RCMI U54 grant number MD007585).
- **Ehsan Abdalla\***, Roberta Troy Souleymane Fall, Isra Elhussin, Oyoyo Egiebor-Aiwan and David Nganwa\*. Racial Differences in 5-year Relative Survival of Cervical Cancer by Stage at Diagnosis, between African American (Blacks) and White women, living in the State of Alabama, USA. Submitted for publication to the BioMed Central Journal Cancer (BMC), on April 11, 2019, ID: BCAN-D-19-01097R1. In press
- Rawah Faraj<sup>\*1, 2</sup>, **Ehsan Abdalla**<sup>2</sup>, Gopal Reddy<sup>1</sup>, Temesgen Samuel<sup>1</sup>, Woubit Abdela<sup>1</sup>. Chimera of Heat-labile Enterotoxin B chain conjugate with LipL32 and or LipL21 proteins induces strong reactive antibodies in experimental mice. Published in the International Organization of Scientific Research (IOSR) Journal of Biotechnology and Biochemistry, Vol.4, Issue 3, Ver.1 May – June 2018.
