

## TUCVM Muster/Assembly Points

The Tuskegee University College of Veterinary Medicine (TUCVM) has identified 15 buildings/facilities where faculty, staff, students, clients, and guests all work/visit each day. To enhance the safety of these areas, we need to know where we should assemble in case of emergency drills (to be held soon) or actual events. Please review this PowerPoint to become familiar with the muster/assembly points.

| 15  | Pole Barn #2 (on Pasture near intersection of West Gate Road and Midway Road & near entrance to VA Hospital) | Large Grassy Area (beyond the cluster of trees) on the South side of Pole Barn #2 (toward the intersection of West Gate Road and Midway Road). | Hallway and Innermost Offices of the Junior Surgery Building                      |

## Maps of Each Muster/Assembly Point

### 1. Clinical Anatomy Building

| No. | Building/Facility<br>(Alphabetical Order)           | <u>Outdoor</u> Muster/Assembly Point                                              | <u>Indoor</u> Muster/Assembly Point<br>(Inlement Weather or Other<br>Emergencies)* |
|-----|-----------------------------------------------------|-----------------------------------------------------------------------------------|------------------------------------------------------------------------------------|
| 1a  | Clinical Anatomy<br>Building (Front)                | Patio/grassy area in front of Patterson<br>Hall extending to the blocked roadway. | Hallway and Innermost offices                                                      |
| 1b  | Clinical Anatomy<br>Building (Back-<br>lower level) | Roadway behind the Post Mortem Bldg.                                              | Hallway and Exam Rooms                                                             |

## 2. Cow Barn

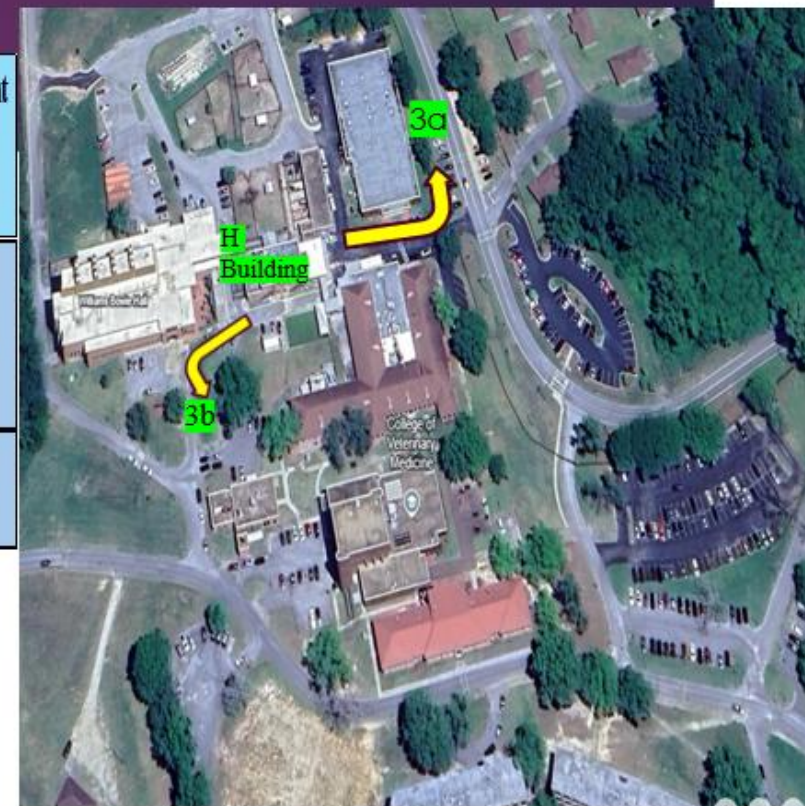

| No. | Building/Facility<br>(Alphabetical Order) | <u>Outdoor</u> Muster/Assembly Point                        | <u>Indoor</u> Muster/Assembly Point<br>(Inclement Weather or Other<br>Emergencies)* |
|-----|-------------------------------------------|-------------------------------------------------------------|-------------------------------------------------------------------------------------|
| 2   | Cow Barn                                  | Roadway between the Paddocks & the<br>Large Animal Hospital | Hallway and Innermost Offices<br>of the Large Animal Hospital                       |

### 3. H Building

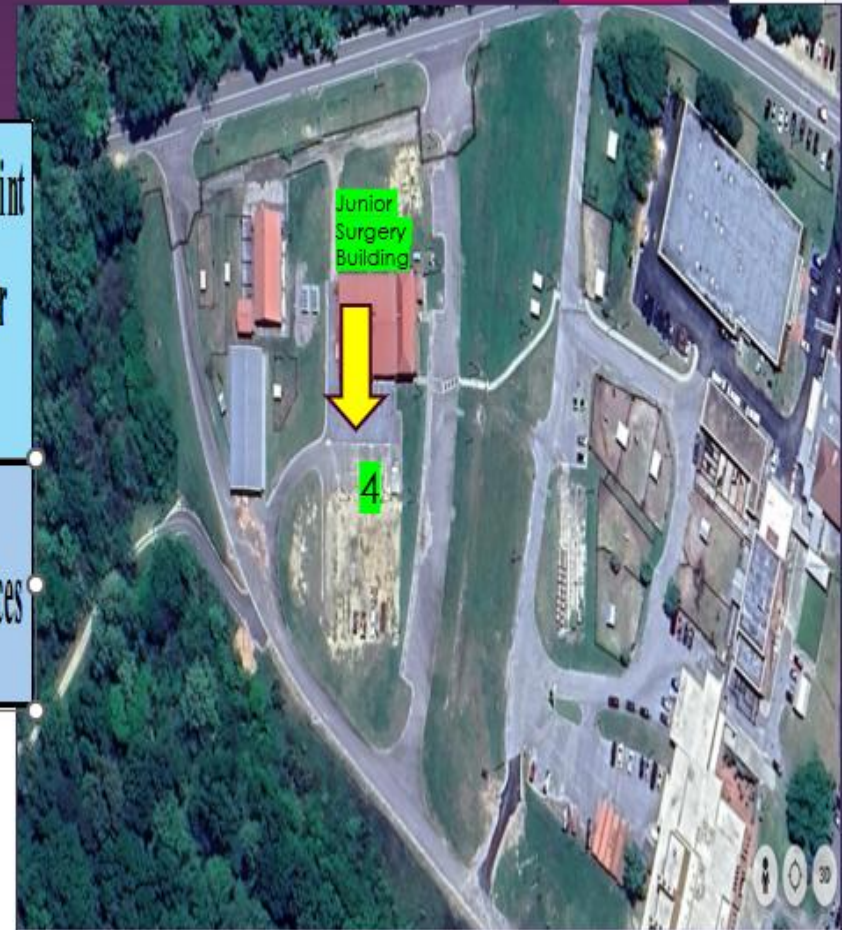

| No. | Building/Facility<br>(Alphabetical Order) | <u>Outdoor</u> Muster/Assembly Point                                              | <u>Indoor</u> Muster/Assembly Point<br>(InlementWeather or Other<br>Emergencies)* |
|-----|-------------------------------------------|-----------------------------------------------------------------------------------|-----------------------------------------------------------------------------------|
| 3a  | H Building (Front)                        | Grassy area between the Large Animal Hospital and the fence facing Hospital Road. | Hallway and Innermost Offices                                                     |
| 3b  | H Building (Back)                         | Roadway behind the Post Mortem Bldg.                                              | Hallway and Innermost Offices                                                     |

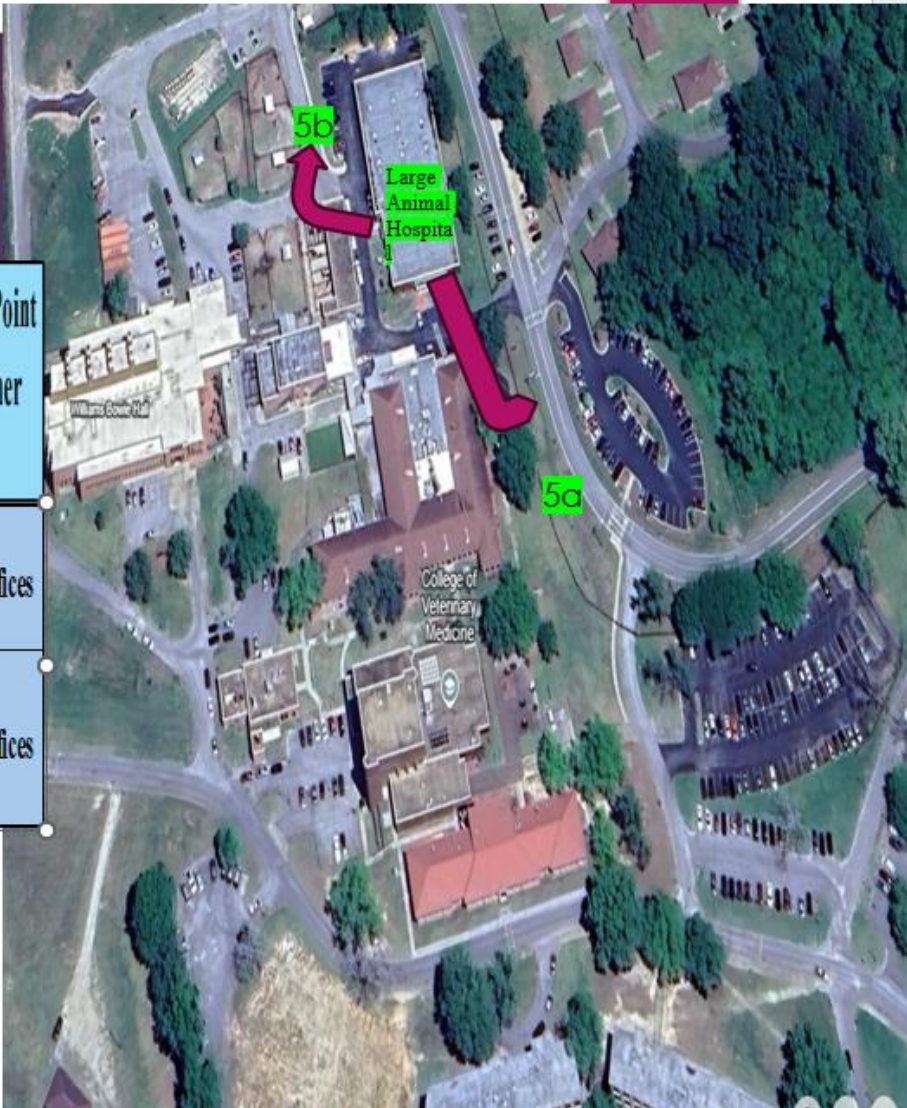

#### 4. Junior Surgery Building

| No. | Building/Facility<br>(Alphabetical Order) | <u>Outdoor</u> Muster/Assembly Point<br> | <u>Indoor</u> Muster/Assembly Point<br>(Inclement Weather or Other<br>Emergencies)* |
|-----|-------------------------------------------|---------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------|
| 4   | Junior Surgery<br>Building                | Large Parking Lot in Front of the<br>Building                                                                             | Hallway and Innermost Offices                                                       |

5. Large Animal Hospital

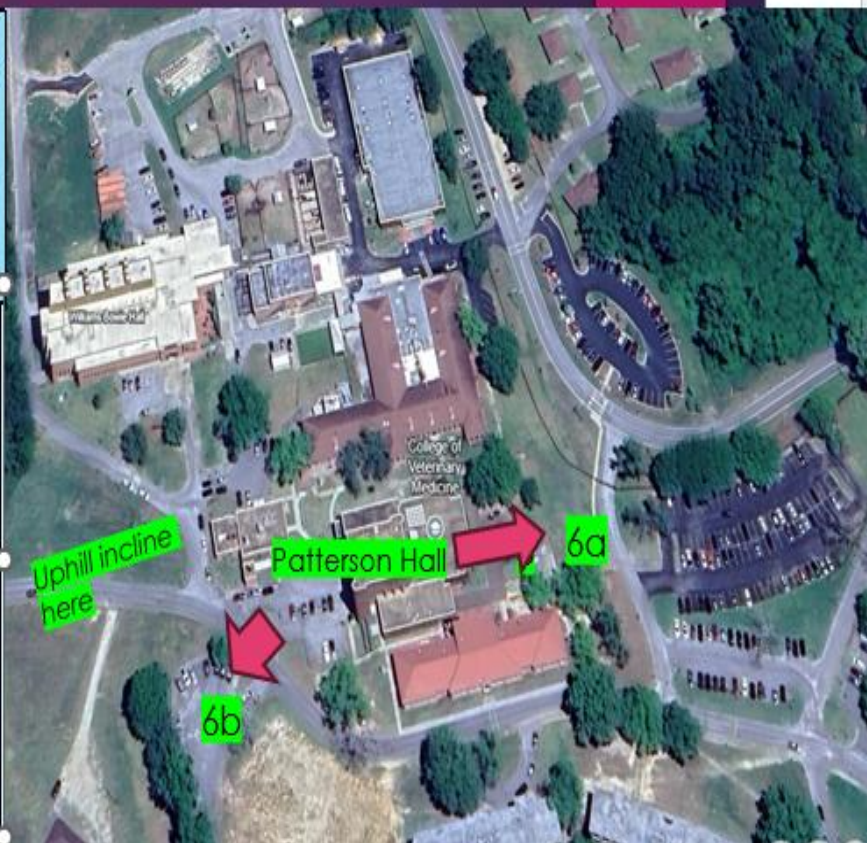

| No. | Building/Facility<br>(Alphabetical Order) | <u>Outdoor</u> Muster/Assembly Point<br> | <u>Indoor</u> Muster/Assembly Point<br>(InlementWeather or Other<br>Emergencies)* |
|-----|-------------------------------------------|---------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------|
| 5a  | Large Animal<br>Hospital (Front)          | Patio/grassy area in front of Patterson<br>Hall extending to the blocked roadway.                                         | Hallway and Innermost Offices                                                     |
| 5b  | Large Animal<br>Hospital (Back)           | Roadway between the Paddocks & the<br>Large Animal Hospital                                                               | Hallway and Innermost Offices                                                     |

## 6. Patterson, Frederick D. Hall

| No. | Building/Facility<br>(Alphabetical Order)              | <u>Outdoor</u> Muster/Assembly Point<br> | <u>Indoor</u> Muster/Assembly Point<br>(Inlement Weather or Other<br>Emergencies)* |
|-----|--------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------|
| 6a  | Patterson, Frederick<br>D. Hall (Front)                | Blocked off Roadway in front of<br>Patterson Hall                                                                         | Media Center (Basement level)                                                      |
| 6b  | Patterson, Frederick<br>D. Hall (Back- First<br>Floor) | Parking Lot on Hill (across the street<br>from the Post Mortem Bldg.)                                                     | Media Center (Basement level)                                                      |

## 7. Post Mortem Building

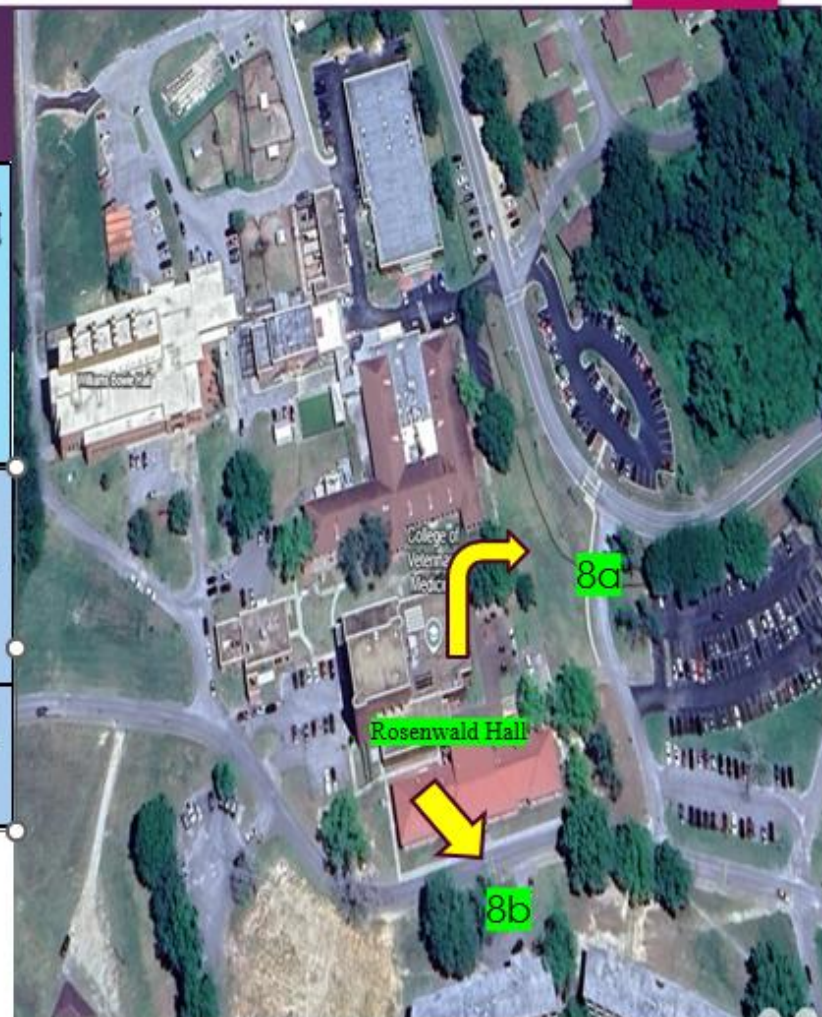

| No. | Building/Facility<br>(Alphabetical Order) | <u>Outdoor</u> Muster/Assembly Point | <u>Indoor</u> Muster/Assembly Point<br>(InlementWeather or Other<br>Emergencies)* |
|-----|-------------------------------------------|--------------------------------------|-----------------------------------------------------------------------------------|
| 7   | Post Mortem<br>Building                   | Roadway behind the Post Mortem Bldg. | Laundry Room and Cooler Area                                                      |

## 8. Rosenwald, Julius Center

| No. | Building/Facility<br>(Alphabetical Order)                                   | <u>Outdoor</u> Muster/Assembly Point<br> | <u>Indoor</u> Muster/Assembly Point<br>(Inlement Weather or Other<br>Emergencies)* |
|-----|-----------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------|
| 8a  | Rosenwald, Julius<br>Center (Front/Main<br>Entrance from Patterson<br>Hall) | Blocked off Roadway in front of<br>Patterson Hall                                                                         | Hallway, Attic Entrance, and<br>Restrooms                                          |
| 8b  | Rosenwald, Julius<br>Center (Back)                                          | Across the street (e) in front of Mary<br>McLeod Bethune Hall (Dormitory)                                                 | Hallway, Attic Entrance, and<br>Restrooms                                          |

## 9. Small Animal Hospital

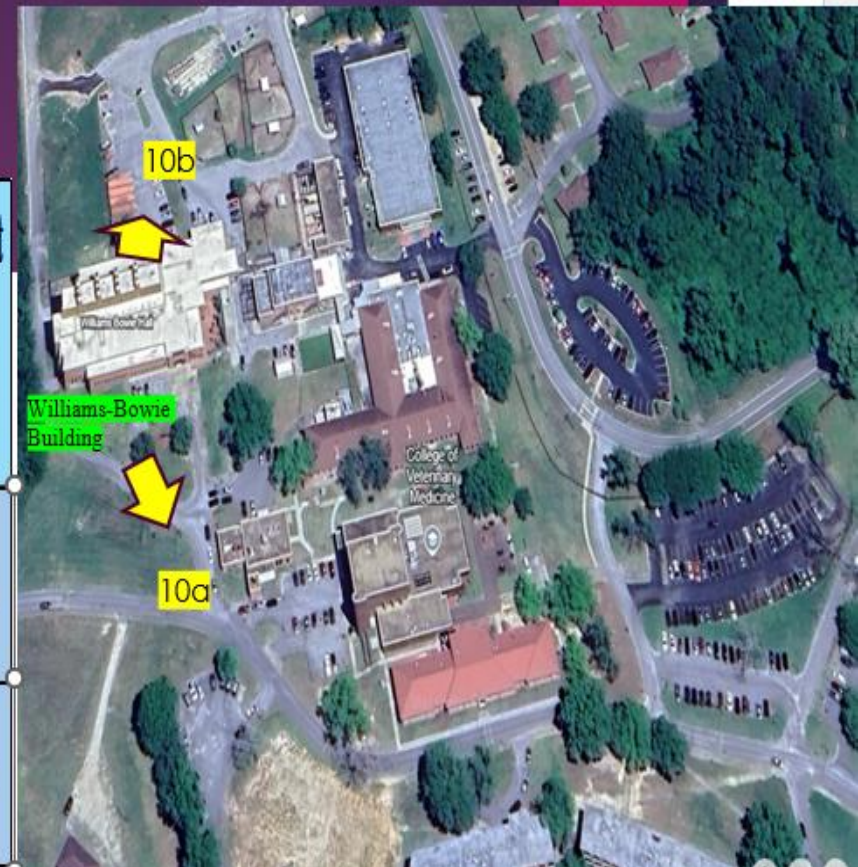

|    |                               |                                                                                |                        |
|----|-------------------------------|--------------------------------------------------------------------------------|------------------------|
| 9a | Small Animal Hospital (Front) | Patio/grassy area in front of Patterson Hall extending to the blocked roadway. | Hallway and Exam Rooms |
| 9b | Small Animal Hospital (Back)  | Roadway between the Horse Paddocks & the Large Animal Hospital                 | Hallway and Exam Rooms |

## 10. Williams-Bowie Building

| No. | Building/Facility<br>(Alphabetical Order) | <u>Outdoor</u> Muster/Assembly Point<br> | <u>Indoor</u> Muster/Assembly Point<br>(InlementWeather or Other<br>Emergencies)* |
|-----|-------------------------------------------|---------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------|
| 10a | Williams-Bowie<br>Building (Front)        | Roadway behind the Post Mortem Bldg.                                                                                      | Animal Care Unit Entrance,<br>Hallways, Service Corridor, and<br>Restrooms        |
