TUSKEGEE UNIVERSITY HISTORY

Marked by more than a century of tradition since its founding through the efforts of former slave Lewis Adams and former slave owner George W. Campbell, Tuskegee University today is known for being among the nation's premier historically black colleges and universities (HBCUs) — and for its openness to all. Its mission remains service to people, not merely education for its own sake. Stressing the need to educate the whole person, that is, the hand and the heart as well as the mind, founding principal Booker T. Washington's new school was soon acclaimed — first by Alabama and then by the nation — for the soundness and vigor of its educational programs and principles.

Founded as the Tuskegee Normal School for Colored Teachers through the passage of Alabama House Bill 165 on July 4, 1881, Tuskegee University traces its modest beginnings to a one-room shanty located near Butler's Chapel AME Zion Church. Under Washington's leadership, however, the Tuskegee Normal and Industrial Institute (as of 1893) soon rose to national prominence. A highly skilled organizer and fundraiser who counseled U.S. presidents, Washington was a strong advocate of black farmers and businesses. Student enrollment was not limited to rural Macon County and the South, but was global in composition. Every student's educational experience combined vocational classes with coursework toward general diplomas, which included mathematics, English and history. To that end, Washington recruited the best and brightest available within the black community, including famed researcher George Washington Carver and architect Robert R. Taylor.

Tuskegee's prominence as a black school of higher learning continued after Washington's passing in 1915. President Robert R. Moton actively solicited for modern buildings and equipment to teach the trades, more comfortable faculty and student housing, and enlarged and improved recreational, health and academic facilities. By 1927, his efforts had helped to elevate Tuskegee's high school-level academics to full four-year college status with bachelor degrees in agriculture, home economics, mechanical industries and education. In addition, it donated land in 1923 for the Tuskegee Veteran's Administration Hospital — the first and only one staffed by black professionals. He continued institutional relationships with financiers such as Julius Rosenwald, which in turn created programs for underprivileged portions of society and the education of blacks.

Tuskegee would establish itself as a leader in veterinary medicine education in 1944 when President Frederick D. Patterson founded the Tuskegee Institute (as of 1937) School of Veterinary Medicine. In the same year, he helped co-found the United Negro College Fund, which continues today to advocate on behalf of and provide financial support for a consortium of HBCUs — Tuskegee among them.

During the 1940s, although the rest of the world was embroiled in war, Tuskegee continued to better opportunities for blacks nationwide. The Infantile Paralysis Center, which opened on Jan. 15, 1941, as part of Tuskegee University's John A. Andrew Memorial Hospital, treated and served African-American patients (especially for polio) from the southeastern states, as well as Alabama patients with other orthopedic

conditions. Further acclaim resulted from the university's Civilian Pilot Training Program (which began in 1939) that eventually led to the formation of the 99th Fighter Squadron of Tuskegee Airmen in June 1941.

The organization of the College of Arts and Sciences, the elimination of several vocational programs, and the development of engineering programs marked the tenure of fourth president, Dr. Luther H. Foster. His tenure also included the turbulent years of the Civil Rights Movement, during which time the university maintained an attitude of open dialogue by allowing a variety of controversial speakers — such as Martin Luther King Jr., Malcolm X, Stokely Carmichael, Julian Bond and Alex Haley — to visit campus. In 1960, Arts and Sciences Dean Charles Gomillion filed a lawsuit leading to the groundbreaking Supreme Court case *Gomillion vs. Lightfoot* concerning Tuskegee's black citizens who had been illegally gerrymandered out of their right to vote. Tragically, on Jan. 3, 1966, Tuskegee freshman Samuel Younge Jr. became the first black college student killed as a result of his involvement in the civil rights movement. The university's significance in our nation's history has twice been celebrated by the U.S. Department of the Interior's National Parks Service: first, in 1966, when it became the first HBCU designated as a Registered National Historic Landmark; and again in 1974, when it became the nation's only HBCU designated as a National Historic Site.

Through fifth president Dr. Benjamin F. Payton's participation on the Tuskegee Syphilis Study Legacy Committee, the university established the National Center for Bioethics in Research and Health Care as part of the government's apology for its participation in the "U.S. Public Health Service Study on Syphilis" conducted at Tuskegee from 1932 to 1972. Payton's commitment to education was further exemplified when, in 1985, Tuskegee attained university status and began offering its first doctoral programs in integrative biosciences, materials science and engineering.

The decade following Payton's presidency — under the leadership of presidents Gilbert L. Rochon and Brian L. Johnson — marked a greater emphasis on Tuskegee's research capacity and physical campus through the construction of new education, science and residential halls, as well as improvements to existing facilities. Each also contributed significantly to broader integration of arts and cultural programs in the growing STEAM (science, technology, engineering, arts and mathematics) movement throughout the U.S.

On July 1, 2018, Tuskegee University marked a new leadership milestone as Dr. Lily D. McNair began her tenure as its eighth – and first female – president in 137 years. Dr. Charlotte P. Morris, began her tenure on August 1, 2021, and served until June 30, 2024.

Dr. Mark A. Brown, was appointed the tenth president and CEO of Tuskegee University. His tenure began on July 1, 2024. Dr Brown's selection was the first time in Tuskegee's nearly 144-year history that an alum was selected to lead the university. He is a 1986 graduate.

Commencement Programme

Tuskegee University Undergraduate Commencement Ceremony

Saturday, May Ninth

Two Thousand and Twenty Six

Twelve thirty o'clock in the Afternoon

Presiding

Dr. Mark A. Brown '86

10th President and CEO

THE PROCESSIONAL.....*Theme from "Pomp and Circumstance" (March No. 1)*.....Edward Elgar

WELCOME Dr. Mark A. Brown '86
10th President and CEO

THE INVOCATION.....Rev. Dr. Cecil Andrew Duffie
Dean of the Chapel

THE GREETINGS Norma Clayton
Chair, Tuskegee University Board of Trustees

Commencement Speaker

EARVIN “MAGIC” JOHNSON

Chairman and Chief Executive Officer

Magic Johnson Enterprises (MJE)

Earvin “Magic” Johnson is the Chairman and Chief Executive Officer of Magic Johnson Enterprises (MJE), a global investment conglomerate with a mission to deliver high-quality products and services that focus primarily on ethnically diverse and underserved urban communities. After leaving the basketball court for the boardroom, Johnson successfully translated the leadership, discipline, and competitive excellence that defined his Hall of Fame playing career into a winning formula in business, ownership, and philanthropy.

Still a commanding presence in the sports world, Johnson made history in 2023 when he became co-owner of the National Football League’s Washington Commanders and he is a long-standing co-owner of the Los Angeles Dodgers, who captured back-to-back World Series Championships in 2024 and 2025. He also co-owns the Los Angeles Sparks of the WNBA, Major League Soccer’s Los Angeles Football Club, the Washington Spirit of the National Women’s Soccer League, and eSports powerhouse Team Liquid.

The Lansing native is constantly evolving by broadening his influence into infrastructure, finance, and technology. In 2015, Magic Johnson Enterprises and Loop Capital formed an alliance to create MJE-Loop Capital Partners, a platform dedicated to investing hundreds of millions of dollars in infrastructure projects in the United States including John F. Kennedy International Airport’s New Terminal One, LaGuardia Airport Terminal B, and the Los Angeles World Airports Cargo Modernization Program. Johnson holds controlling interests in EquiTrust, a multi-billion dollar financial services company, and SodexoMagic, a food service and facilities management company, and is also an investor in multiple technology companies including Skydio, the first U.S.-based drone manufacturer to exceed \$1 billion in value.

The accomplishments and global impact of Earvin “Magic” Johnson are on display in the Apple TV+ documentary series *They Call Me Magic*, the only first-person account of Johnson’s life from childhood to business. In January 2025, he received the Presidential Medal of Freedom from 46th United States President Joe Biden, the nation’s highest civilian honor, and is also a recipient of the Robert & Ethel Kennedy Human Rights Center Ripple of Hope Award.

With his unique positioning as a businessman spanning multiple industries and generations, Johnson aims to help companies expand and foster a positive impact domestically and globally constantly shaping the future of business leadership and community investment.

DR. MARK A. BROWN

10TH PRESIDENT AND CEO OF TUSKEGEE UNIVERSITY

Dr. Mark Brown, was appointed the tenth president and CEO of Tuskegee University. His tenure began on July 1, 2024. Dr. Brown's selection was the first time in Tuskegee's nearly 144-year history that an alum was selected to lead the university. This retired Air Force Major General agreed to take the helm after the retirement of Dr. Charlotte P. Morris, the university's ninth president.

His extensive executive experience includes the Harvard University Kennedy School of Government, the University of Virginia Darden School of Business, and the Eli and Edythe Broad Academy for Urban School Superintendents, now hosted at the Yale School of Management.

Dr. Brown, who received his bachelor's from Tuskegee in accounting in 1986, earned a Master's Degree in Public Administration from Troy University, a Master's of Strategic Studies from the Air Command and Staff College, a Master's in National Security Strategy from the National War College, and his doctorate in Education from Baylor University. His

experience in education is varied and distinguished.

While a Major General in the Air Force, Dr. Brown served as Deputy Commander of Air Education and Training Command, Joint Base San Antonio-Randolph, Texas. AETC recruits, trains, and educates Air Force personnel. His command included the Air Force Recruiting Service, two numbered Air Forces, and two fully accredited graduate and doctoral degree-granting universities: Air University and the Air Force Institute of Technology. AETC operates more than 1,400 trainer, fighter, and mobility aircraft, 23 wings, 10 bases, and five geographically separated groups. The command trains more than 293,000 Airmen annually, with approximately 60,000 active-duty, Reserve, Guard, civilian, and contractor personnel.

After retiring from the Air Force with 32 years of service, Dr. Brown expanded his educational service as the chief operating officer of the U.S. Department of Education Office of Federal Student Aid, which had a lending portfolio of \$1.7 trillion equivalent to that of the nation's five largest consumer lending banks. As COO, he was responsible for all of the nation's Title IV funding.

Most recently, he has served as president and chief executive officer of the Student Freedom Initiative based in Washington, D.C. The Student Freedom Initiative is the vision of billionaire philanthropist Robert F. Smith after his historic gift to eliminate the student loan debt of the Morehouse College class of 2019.

As the first President and Chief Executive Officer, he and his staff provide four components to 63 HBCUs, which also includes two Tribal Colleges and Universities and Minority Serving Institutions. The capabilities include agreements to fund any educational attendance requirements beyond what is paid for through Federal programs, such as Pell Grants, Work-Study, and Federal Student Loans. SFI is also focused on elevating the communities around its school by providing critical resources such as access to highspeed broadband, cybersecurity upgrades, affordable living spaces and solar energy.

Dr. Brown was commissioned through the Tuskegee University Air Force ROTC program in 1986. He served in comptroller, command, and staff positions at all U.S. Department of Defense levels, including two assignments as congressional liaison to the United States House of Representatives.

His global experience includes serving in the Philippines, Spain, England, Turkey and Iraq. In addition, he has commanded four times at ascending levels, deploying in support of operation Provide Comfort, and served as the Assistant Executive Officer for the 17th Air Force Chief of Staff. He was also the Financial Management Senior Military Assistant in the Office of the Secretary of Defense and Chief Financial Officer for Air Force Materiel Command, responsible for a portfolio greater than \$60 billion, 38 percent of the Air Force budget.

Dr. Brown is married to Gwendolyn Jackson Brown, and they have two adult children, Mark II and Michael.

Academic Heraldry

In a tradition passed down from the Middle Ages, academic regalia worn during commencements symbolize the essence of educational pageantry. Academic dress originated during the 12th and 13th centuries with the establishment of European universities. By the second half of the 14th century, England began defining academic dress.

The long gowns and hoods may have been necessary for warmth in medieval buildings. As the statutes evolved, the traditional English costumes were incorporated into American colleges and universities in the 19th century. Rapid growth of those institutions in the United States led to a standardized assignment of colors for the various fields of learning.

Representatives of major institutions formed an intercollegiate commission to establish a suitable academic code of dress. The commission met at Columbia University in 1895 and adopted the Intercollegiate Code, which regulates the cut, style, colors and materials for each part of the academic costume to be used for bachelor's, master's and doctoral levels. The code was revised in 1932 by the American Council on Education and again by a committee appointed by ACE in 1959. The code was updated most recently in 1986.

Gowns

Materials, trimmings and sleeves of gowns vary by discipline. Black is the recommended color. Gowns for bachelor's or master's degrees are untrimmed. The sleeves of the bachelor's degree gown, which is always worn closed, are pointed. The master's degree gown has oblong sleeves that are open at the wrist. The doctoral degree gown features velvet facing down the front and three bars of velvet across the bell-shaped sleeves. The velvet trimmings may be black or the color distinctive of the degree's discipline. Master's and doctoral gowns may be worn open or closed.

Hoods

As the academic costume's most distinctive feature, hoods must be black and made of the same material as the gown. The hood identifies both the degree level and the institution conferring the degree. The length of the hood worn for the bachelor's degree must be three feet; for the master's degree, three and one-half feet; and for the doctoral degree, which may have panels at the sides, four feet. Lined with the official colors of the college or university conferring the degree, only the highest degree is represented on the hood. The color of the velvet edging indicates the subject to which the degree pertains and measures three inches for the master's degree and five inches for the doctoral degree.

Cap

The square black mortarboard is recommended, and the material may be cotton poplin, broadcloth, rayon or silk to match the gown. Doctoral degree caps may be velvet with gold tassels. Tassels, which should be black or the color appropriate to the subject, should be fastened to the middle point of the top of the cap only and lie as it will.

Colors indicating fields of study:

Agriculture - Maize
Arts, Letters, Humanities - White
Business - Light Brown
Economics - Copper
Education - Light Blue
Engineering - Orange
Fine Arts, including Architecture - Brown
Law - Purple
Library Science - Lemon Yellow
Music - Pink
Nursing - Apricot
Oratory - Silver Gray
Philosophy - Dark Blue
Physical Education - Sage Green
Public Health - Salmon Pink
Science - Golden Yellow
Social Science - Cream
Social Work - Citron
Theology - Scarlet
Veterinary Medicine - Gray

Other colors may be seen in the procession.

Important Terms to Remember

alma mater - A term that may be used when referring to Tuskegee University, the university from which you graduated.

alumna - Use this singular term for a female graduate.

alumnae - Use this plural term for a group of female graduates.

alumni - Use this plural term for former students or graduates, whether referring to a group of males or a group consisting of males and females. This term should never be used in reference to a single individual.

alumnus - Use this singular term for a male graduate.

TNAA - Acronym for the Tuskegee National Alumni Association, Inc.

ACADEMIC PARTICIPANTS

Dean, College of Veterinary Medicine

CHANNAPATNA S. PRAKASH, Ph.D.
Dean, College of Art and Sciences

CORDELIA CHINWE NNEDU, Ph.D.
Dean, School of Nursing and Allied Health

GRADUATION WITH DISTINCTION

To graduate with the distinction of *cum laude*, *magna cum laude* or *summa cum laude*, a student must have been in residence for at least three semesters, excluding the semester in which he/she qualifies for graduation, and must have completed 45 semester hours at Tuskegee University. In the calculation of residence, two summer sessions are considered equivalent to one semester. Candidates for honors must qualify one semester prior to commencement. In recognition of academic achievement, all honor students wear gold honor stoles or cords.

2026 CANDIDATES FOR DEGREES

May 9, 2026

*The listing of names and degrees to be conferred is subject to change.
Deletions and additions may be necessary to conform to the final and official records of Tuskegee University.*

 Speights, Jamarian Levon Crestview, Florida
 Remotely Piloted Aircraft Pilot, Randolph Air Force Base, Texas
 Turner, Jaiden Rashad Munford, Alabama
 Acquisition Manager

ALUMNI OATH

We, the graduates of Tuskegee University, are conscious of our obligations to be both faithful followers and dependable leaders. Joining the thousands of Tuskegee Alumni, we commit ourselves to be worthy sons and daughters of our Mother Tuskegee; to realize in ourselves high standards of integrity and competence; to fulfill in ourselves her tradition of unselfish service to humanity; to give liberally of our time, talents and financial support to assure her continued viability; and in the near and distant future, we will meet life's challenges with courage and dignity.

About the Tuskegee National Alumni Association

Founded in 1885, the Tuskegee National Alumni Association has a diverse and rich history of bringing Tuskegee University alumni together to support the institution, its students and each other. TNAA provides its members with access to a vast network of professionals and offers alumni endless opportunities to connect, build relationships, and participate in and continue to learn from the incredible Tuskegee community.

Membership in the association is available to all alumni and former students of Tuskegee University, as well as their relatives and spouses, and current and former members of the university faculty and staff. Membership levels allow individuals to join regionally located clubs, one of TNAA's seven affiliated professional alumni organizations, or as members-at-large.

Our Mission

To enrich the lives of alumni and involve them in Tuskegee's future.

For more information, visit tuskegeenaa.org

“The Tuskegee Song”

Tuskegee, thou pride of the swift growing South
 We pay thee our homage today
For the worth of thy teaching, the joy of thy care;
And the good we have known 'neath thy sway.
 Oh, long-striving mother of diligent sons
And of daughters whose strength is their pride,
 We will love thee forever and ever shall walk
 Thro' the oncoming years at thy side.

Thy Hand we have held up the difficult steeps,
 When painful and slow was the pace,
And onward and upward we've labored with thee
 For the glory of God and our race.
The fields smile to greet us, the forests are glad,
 The ring of the anvil and hoe
Have a music as thrilling and sweet as a harp
 Which thou taught us to hear and to know.

Oh, mother Tuskegee, thou shinest today
 As a gem in the fairest of lands;
Thou gavest the Heav'n-blessed power to see
 The worth of our minds and our hands.
We thank thee, we bless thee, we pray for thee years
 Imploring with grateful accord,
Full fruit for thy striving, time longer to strive,
 Sweet love and true labor's reward.

by Paul Laurence Dunbar
