## **PREFACE**

The Tuskegee University Fact Book is an annual publication of the Office of Institutional Effectiveness, Research, Assessment and Planning. This document is an update of information, designed to assist administrators, faculty, staff and other University constituents with statistical references about the institution. It assembles under one cover comparable information across a five-year period.

The data collected and reported in the Fact Book are the official data for the University. As with any statistical data, these contained in the Fact Book are a snapshot of a single period in time.

Comments and suggestions are welcome as the Office of Institutional Effectiveness, Research, Assessment and Planning produce a document that meets the needs of the University community.

Dr. Preston Robinson III, Director  
Institutional Research

## THE UNIVERSITY

Tuskegee University is an independent and state-related institution of higher education. Its programs serve a student body that is coeducational as well as racially, ethnically and religiously diverse. With a strong orientation toward disciplines which highlight the relationship between education and work force preparation in the sciences, professions and technical areas, Tuskegee University also emphasizes the importance of the liberal arts as a foundation for successful careers in all areas. Accordingly, all academic majors stress the mastery of a required core of liberal arts courses.

Tuskegee University is located in Tuskegee, Alabama, which is 40 miles east of the Alabama State Capitol in Montgomery, Alabama, and 20 miles west of the city of Auburn, Alabama. It is also within easy driving distance to the cities of Birmingham, Alabama and Atlanta, Georgia.

The academic programs are organized into five colleges and three schools: (1) the College of Agriculture, Environment and Nutrition Sciences; (2) the College of Arts and Sciences; (3) the Andrew F. Brimmer College of Business and Information Science; (4) the College of Engineering; (5) the College of Veterinary Medicine; (6) the Robert R. Taylor School of Architecture and Construction Science; (7) the School of Education; and (8) the School of Nursing and Allied Health. The curricula for these colleges and schools currently offer over 50 degrees including 39 Bachelor's, 13 Master's, 2 Doctor's of Philosophy: one in Materials Science and Engineering, and one in Integrative Biosciences, and the Doctor of Veterinary Medicine.

Graduate instruction leading to the Master's degree and Doctor of Philosophy Degree is offered in some of the colleges and schools.

The University is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (SACS); and the following programs are accredited by national agencies: Architecture, Business, Education, Engineering, Clinical Laboratory Sciences, Nursing, Occupational Therapy, Social Work, and Veterinary Medicine. Of special note is the fact that Tuskegee University is the only independent, historically black university with four engineering programs that are nationally accredited by the Accreditation Board of Engineering and Technology (ABET), the major accrediting body for the engineering sciences. Also, Tuskegee University's Chemistry program is one of only a few among Historically Black Colleges and Universities (HBCU's) that is approved by the American Chemical Society. Furthermore, the Dietetics Program is approved by the American Dietetic Association and the Food Science Program is approved by the Institute of Food Technologists.

Tuskegee University was the first black college to be designated as a Registered National Historic Landmark (April 2, 1966), and the only black college to be designated a National Historic Site (October 26, 1974), a district administered by the National Park Service of the U. S. Department of Interior.

Special features in Tuskegee University's program include: The General Daniel "Chappie" James Center for Aerospace Science and Health Education, honoring America's first black four-star general who was a Tuskegee University graduate, and housing the nation's only Aerospace Science Engineering program at an HBCU; Media Center, School of Veterinary Medicine, with state-of-the-art video up-link and down-link, intra-school communications, audio/visual, graphics, photography and document production; The Kellogg Hotel and Conference Center, a state-of-the-art hotel and meeting facility for educational, business and cultural events; The Tuskegee University National Center for Bioethics in Research and

Health Care, a distinctive research, teaching and outreach program that addresses issues of ethics and public policy in the treatment of people of color and rural Americans in health care.

Other special features which enhance the educational and cultural environment of the University include: The Booker T. Washington Monument, "Lifting the Veil," which honors the University's Founder; "The Oaks," home of Booker T. Washington; the George Washington Carver Museum, which is named for the distinguished scientist who worked at Tuskegee and preserves the tools and handiwork of Dr. Carver; the Legacy Museum and the Tuskegee Archives, a chief center for information on the challenges, culture and history of Black Americans since 1896; The Tuskegee Airmen's Plaza, commemorating the historic feats of America's first black pilots, who were trained at Tuskegee University; The Reserve Officers Training Corps (ROTC) Center, and the Center for Continuing Education – a nucleus for continuing adult education.

Over the past 135+ years since it was founded by Booker T. Washington in 1881, Tuskegee University has become one of our nation's most outstanding institutions of higher learning. While it focuses on helping to develop human resources primarily within the African American community, it is open to all.

Tuskegee's mission has always been service to people, not education for its own sake. Stressing the need to educate the whole person, that is, the hand and the heart as well as the mind, Dr. Washington's school was soon acclaimed--first by Alabama and then by the nation for the soundness and vigor of its educational programs and principles. The solid strength has continued through the subsequent administration of Dr. Robert R. Moton (1915-1935), Dr. Frederick D. Patterson (1935-1953), Dr. Luther H. Foster (1953-1981) and Dr. Benjamin F. Payton (1981-2010). In August 2010, Dr. Charlotte P. Morris assumed the role of Interim President of the University. She is the first female to serve at the helm of Tuskegee University, and only the second Interim President for the institution. Dr. Gilbert L. Rochon served as the 6th president of Tuskegee University from November 1, 2010 to October 19, 2013. Dr. Matthew Jenkins served as Acting President from October 19, 2013 to June 14, 2014. Dr. Brian L. Johnson assumed the role of 7th President of Tuskegee University from June 15, 2014 until June 30, 2017. Dr. Charlotte P. Morris again served as Interim President of the institution beginning on July 1, 2017.

Tuskegee enrolls more than 3,000 students and employs approximately 800 faculty and support personnel. Physical facilities include more than 5,000 acres of forestry and a campus on which sits more than 100 major buildings and structures. Total land, forestry and facilities are valued in excess of \$500 million.

### **Vision Statement**

Tuskegee University will become a leading Carnegie Classified Master's Large institution of first choice for students through data-informed, outcomes-oriented and knowledge-based 21st century higher education management.

## **MISSION STATEMENT**

Tuskegee University is a national, independent, and state-related institution of higher learning that is located in the State of Alabama. The University has distinctive strengths in the sciences, architecture, business, engineering, health, and other professions, all structured on solid foundations in the liberal arts. In addition, the University's programs focus on nurturing the development of high-order intellectual and moral qualities among students and stress the connection between education and the highly trained leadership Americans need in general, especially for the work force of the 21st Century and beyond.

### **Core Values**

Tuskegee University accomplishes its central purpose of developing leadership, knowledge and service through its undergraduate, graduate, professional, research and outreach programs. Consonant with our history, mission and vision, Tuskegee University affirms and is committed to these core values:

- Equality, Human Dignity and Service
- Student Success
- Excellence
- Global Awareness
- Academic Innovation and Leadership
- Integrity
- Faith

## INSTITUTIONAL ACCREDITATIONS

### TUSKEGEE UNIVERSITY

Southern Association of Colleges and Schools Commission on Colleges (SACSCOC)

SACSCOC Liaison: Dr. Kellei Samuels

**Year of Initial Accreditation:** 1933

**Year of Most Recent Reaffirmation of Accreditation:** 2018

**Year of Next Reaffirmation Decision:** 2028

- Academy of Nutrition and Dietetics, Accreditation Council for Education in Nutrition and Dietetics: Dietetics program; College of Agriculture, Environment and Nutrition Sciences
- Accreditation Board for Engineering and Technology (ABET): Computer Science program, Andrew F. Brimmer College of Business and Information Science; College of Engineering
- Accreditation Commission for Education in Nursing (ACEN): Department of Nursing, School of Nursing and Allied Health
- Accreditation Council for Occupational Therapy Education (ACOTE): Occupational Therapy program, School of Nursing and Allied Health
- American Council for Construction Education (ACCE): Construction Science program; Robert R. Taylor School of Architecture and Construction Science
- American Veterinary Medical Association (AVMA) Council on Education: College of Veterinary Medicine
- The Association to Advance Collegiate Schools of Business, International: Andrew F. Brimmer College of Business and Information Science
- Council for the Accreditation of Educator Preparation (CAEP): School of Education
- National Accreditation Agency for Clinical Laboratory Sciences (NAACLS): Clinical Laboratory Sciences Program, School of Nursing and Allied Health
- National Architectural Accrediting Board (NAAB): Architecture program, Robert R. Taylor School of Architecture and Construction Science

## **BOARD OF TRUSTEES**

The Tuskegee University Board of Trustees serves as the university's governing and fiduciary body. Its responsibilities include providing university oversight through its president, as well as helping to advance its engagement with students, parents, alumni and philanthropic donors. As such, the board's responsibilities include, but are not limited to, creating policies; setting mission and purpose; strategic planning; reviewing programs; and relating campus to community and community to campus.

The board is comprised of up to 25 voting members, which includes five trustees appointed by Alabama's governor. Board-appointed trustees serve for three years; state-appointed trustees for four years. In addition to the 25 voting trustees, there are several non-voting ex officio members, which include the university's president, a faculty trustee who is the faculty senate chair, a student trustee elected by the student body, and Alabama's state superintendent of education.

Current board members — 11 of whom are Tuskegee University alumni — are all respected and accomplished individuals who represent diverse professions and areas of expertise. Moving forward, the board is committed to ensuring that potential board members are selected based on the needs of the university and each individual's ability to provide meaningful leadership in addressing those needs. In addition, all trustees are expected to philanthropically support the university.

## **BOARD OF TRUSTEES**

Felker W. Ward (Trustee Emeritus)

The Tuskegee University Board of Trustees proudly announced today that interim President Dr. Charlotte Morris has been elected the ninth president of Tuskegee University, effective August 1, 2021. The Board sought the input of a myriad of internal and external stakeholders and arrived confidently at the decision to seat Dr. Morris as the new leader of Tuskegee. Dr. Charlotte Morris will be the second-ever female President of the University, following her predecessor Dr. Lily McNair.

“Dr. Morris has garnered the credibility and respect of key stakeholders across the state and around the country during her near thirty years serving the Tuskegee community,” said Board of Trustees Chair, Norma Clayton. “Considering her strong past performance and effective leadership, the Board of Trustees is delighted that Dr. Morris will continue to serve this institution. She understands the needs of this university today – putting the students first – and is the right leader for tomorrow and beyond.”

For over three decades, Dr. Morris has served in several roles at Tuskegee University including Chief of Staff to the 5th President and Secretary to the Board of Trustees. As Chief of Staff, she assisted in the development and implementation of a successful \$169 million capital campaign in 2005. Most recently during her tenure, Dr. Morris also served as the Director of the University’s Title III Program and has acted as Interim and Associate Dean in the Brimmer College of Business and Information Science. Through Dr. Morris’ leadership, she has strengthened the University’s strategic partnerships with corporations such as Google and Cargill to generate \$6 million in gifts and donations to strengthen career readiness initiatives and invest in the next generation of STEM leaders. In addition to the many honors and awards Dr. Morris has received, she was given the Distinguished Administrative Staff Achievement Award at Tuskegee University. Dr. Charlotte Morris has always been held in high regard by her peers and superiors while meeting and exceeding expectations.

“It is with great humility and honor that I accept the role of president. Having been a member of this remarkable university community for much of my professional career, it will be a pleasure to lead the university into the future,” said Dr. Morris. “I look forward to working with the entire campus community to seize the opportunities that lie ahead and continue to transform Tuskegee into a leading 21st century living and learning environment.”

Dr. Morris has also been instrumental in driving forward the university’s long-term planning, culminating in the 2022-2027 strategic plan framework that will be unveiled in the coming weeks. Through this plan, the university is prepared to address the opportunities and challenges that lie ahead with thorough research and innovative solutions. Among the many university goals is the initiative to enhance the institution’s entrepreneurship and scholarly activities, the consequent advancement of the University’s infrastructure, and increased scholarships and growth to support and promote students’ continuous success. In the new efforts of expanding athletic teams, programs and staff, Dr. Morris is also invested in the continued recruitment of a diverse and world-class faculty committed to professional development. All throughout, the underlying constant over the years at Tuskegee University is the dedication to the teaching, innovation and quality of education it provides to its students.

## THE ADMINISTRATION

AY 2021 – 22

**President** .....Dr. Charlotte Morris

### PRESIDENT'S CABINET

Provost and Vice President, Academic Affairs .....Dr. Heshmat Aglan

## UNIVERSITY LIBRARIES

Tuskegee University Libraries consist of the main library and departmental libraries in the College of Veterinary Medicine, Nursing and Allied Health and the College of Engineering, Architecture and Physical Sciences. The main library, built in 1932, is a fireproof, three-story structure named in honor of the late Hollis Burke Frissell, second principal of Hampton Institute. In 2001, the building was renovated to reflect technological advances and the name was changed to the Ford Motor Company Library/Learning Resource Center.

Tuskegee University Libraries serve as the nucleus of information retrieval for faculty, staff, and students. The mission is to acquire, organize, and provide access to materials and technologies needed for educational programs of the University in teaching, research, and service. The collection in all libraries is comprised of approximately 310,000 volumes, including bound journals; current serial subscriptions total more than 1,500.

The Washington/Rare Book Rooms house a collection of primary and secondary resources of black materials. These include a sizable collection of abolitionist literature, publications by and about the Presidents of Tuskegee University and George Washington Carver. An extensive collection of pamphlets dealing with racial issues can also be found in the collection. The library has been a federal depository since 1907 and has a collection of more than 40,000 select government documents.

## GLOSSARY OF TERMS

**Academic Year:** The period of time generally extending from August to May; usually equaled to two semesters (Fall and Spring).

**Accreditation:** The designation that an institution earns indicating that it functions appropriately with respect to its resources, programs, and services. The accrediting association, often comprised of peers, is recognized as the external monitor.

**Accrediting Agencies:** Private educational associations of regional or national scope, that develop evaluation criteria and conduct peer evaluations to assess whether or not those criteria are met.

**Accountability:** The demand by stakeholders for schools to demonstrate that money invested in education is being efficiently utilized. This demand is met through measured learning and outcomes assessment. The process includes reporting to stakeholders the degree to which expected results have been achieved.

**ACT:** ACT, previously known as the American College Testing program, measure educational development and readiness to pursue college-level coursework in English, Mathematics, Natural Science, and Social Studies.

**Action Plan:** A statement of what will be done to change or improve the program, unit, or assessment process based on the analysis of assessment results, when level of achievement is not met.

**American Indian or Alaska Native:** A person having origins in any of the original peoples of North and South America (including Central America) who maintains cultural identification through tribal affiliation or community attachment.

**Asian:** A person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian subcontinent, including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam.

**Assistant Professor:** The first of three tenure/tenure-track regular faculty ranks: *Assistant, Associate, Professor*.

**Associate Professor:** The second of three tenure/tenure-track regular faculty ranks: *Assistant, Associate, Professor*.

**Attrition:** loss of students through means other than graduation.

**Bachelor's Degree:** An award (baccalaureate or equivalent degree, as determined by the Secretary, U.S. Department of Education) that normally requires at least four but not more than five years of full-time equivalent college-level work.

**Black or African American:** A person having origins in any of the black racial groups of Africa.

**Census Date:** The tenth day of the first full month of an academic semester. This date usually corresponds with the National Student Clearinghouse Report, ran by the Office of the Registrar.

**CIP Code:** The Classification of Instructional Programs (CIP) provides a taxonomic scheme that supports the accurate tracking and reporting of fields of study and program completions activity.

**Class Standing:** Determined by the number of student credit hours a student has accumulated (Freshmen 0-29; Sophomore 30 – 59; Junior 60 – 89; Senior 90 and over).

**Cohort:** A specific group of students established for tracking purposes. Frequently, it is a fall term's first-time, full-time, freshmen class.

**Commission on Colleges (COC):** The regional body for the accreditation of degree- granting higher education institutions in the Southern states that award associate, baccalaureate, master and doctoral degrees. The COC accredits universities in Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee, Texas, Virginia, and Latin America. (SACS)

**Course Level:** Noncredit Courses (1 – 99); Lower Level Courses (100 – 200); Upper Level Courses (300 – 400); Graduate Level Courses (600 – 700); Professional Courses (800).

**Degree:** An award conferred by a college, university, or other postsecondary educational institution as official recognition for the successful completion of a program of studies.

**Degree-seeking Students:** Students enrolled in courses for credit and recognized by the institution as seeking a degree, certificate, or other formal award. High school students enrolled in postsecondary courses for credit are not considered degree-seeking.

**Doctoral Degree:** The highest award a student can earn for graduate study.

**Fact Book:** The annual compilation of high-level University data serving as a resource to internal and external stakeholders.

**Faculty:** Includes both full-time and part-time faculty and department heads employed by the institution.

**First-time, Full-time, Freshman Student:** A full-time student attending any institution for the first time at the undergraduate level. Includes students enrolled in the fall term who attended college for the first time in the prior summer term.

**First-time Freshman Student:** A student attending any institution for the first time at the undergraduate level. (full- or part-time). Includes students enrolled in the fall term who attended college for the first time in the prior summer term.

**First-time Graduate, Degree Seeking:** A graduate degree-seeking student who is enrolled in their first semester of graduate study.

**First-time Professional Student:** A professional student in their first term of study.

**Fiscal Year:** The fiscal year begins July 1 and ends June 30. The U.S. Federal Government's fiscal year begins October 1 and ends on September 30. Most federal grants are awarded using the federal fiscal year cycle.

**Freshman:** A student who has accumulated 0 - 29 credit hours.

**Full-time Equivalent:** Is one-third of the part-time students added to the full-time students.

**Graduate Assistants/Graduate Research Assistants:** Graduate-level students employed on a part-time basis for the primary purpose of assisting in classroom or laboratory instruction or in the conduct of research. Graduate students having titles such as graduate assistant, teaching assistant, teaching associate, teaching fellow, or research assistant typically hold these positions.

**Graduate, Non-degree Seeking:** A graduate student who is seeking some type of certification and not a formal graduate degree.

**Graduate Student:** A student who holds a bachelor's or first-professional degree, or equivalent, and is taking courses at the post-baccalaureate level. These students may or may not be enrolled in graduate programs.

**Graduation:** Tuskegee University has two graduations per year: Spring (May), and Summer (August).

**Graduation Rate:** Percentage of a freshman, first-time, full-time cohort, that graduates from the institution within six years. Four years is identified as 100%. Six years is identified at 150%. Eight years is identified as 200%.

**Headcount (Student):** The sum of students enrolled for credit with each student counted only once during the reporting period, regardless of when the student enrolled.

**Hispanic/Latino:** A person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of race.

**Institutional Effectiveness (IE):** The term used to describe the degree to which the institution accomplishes its Mission through the systematic, comprehensive and continuous assessment of its educational strategic plan and annual initiatives. It focuses largely on SACS-COC Comprehensive Standard 3.3.1 that states: The institution identifies expected outcomes for its academic programs, its administrative support services, and its academic and student support services; assesses whether it achieves these outcomes; and provides evidence of improvement based on analysis of those results.

**Institutional Research (IR):** A category of work done at schools, colleges and universities to inform campus decision-making and planning in areas such as admissions, financial aid, curriculum assessment, enrollment management, staffing, student life, finance, facilities, athletics, and alumni relations. They are involved in collecting and reporting information to government bodies (for example, in the USA, the United States Department of Education's Integrated Postsecondary Education Data System), to the public (e.g., Common Data Set, the National Association of Independent Colleges and Universities' University-College Accountability Network), and various college guide publishers (e.g., U.S. News & World Report and College Board).

**Integrated Postsecondary Education Data System (IPEDS):** A system of interrelated surveys conducted annually by the U.S. Department's National Center for Education Statistics (NCES). IPEDS gathers information from every college, university, and technical and vocational institution that participates in the federal student financial aid programs. The Higher Education Act of 1965, as amended, requires that institutions that participate in federal student aid programs report data on enrollments, program completions, graduation rates, faculty and staff, finances, institutional prices, and student financial aid. These data are made available to students and parents through the College Navigator college search Web site and to researchers and others through the IPEDS Data Center.

**Intern:** A person who has earned a Doctorate in Veterinary Medicine that have primary case responsibility on most services, but will work under the direct supervision of board certified faculty. Internship programs are designed to prepare interns for residency training in a clinical specialty, admission to a graduate program, or entrance into a high quality private practice".

**Junior:** A student who has accumulated 60 - 89 credit hours.

**Lecturer:** Non-tenure-track faculty on term contracts.

**Master's Degree:** An award that requires the successful completion of a program of study of at least the full-time equivalent of one but not more than two academic years of work beyond the bachelor's degree.

**Mission statement:** Explains why a program, department, or institution exists and identifies its purpose. It articulates the organization's essential nature, its values, and its work and should be aligned with institutional mission.

**Native Hawaiian or Other Pacific Islander:** A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands.

**Non-degree-seeking Student:** A student enrolled in courses for credit who is not recognized by the institution as seeking a degree or formal award.

**Non-resident Alien:** A person who is not a citizen or national of the United States and who is in this country on a visa or temporary basis and does not have the right to remain indefinitely.

**Non-resident Student:** A student who is not a legal resident of the state in which he/she attends school. Non-resident students are subject to non-resident tuition rates.

**Other Faculty/Academic Rank:** Persons classified as "other faculty" or "other academic rank" usually fall into the category of research assistants/associates, but does not excluding post-docs, visiting professors or interns.

**Part-time Student:** Undergraduate students enrolled in less than 12 credit hours. Graduate students enrolled in less than 9 cred hours.

**Professor:** The third of three tenure/tenure-track regular faculty ranks: *Assistant, Associate, and Professor*.

**Research/Clinical Faculty:** Persons primarily involved in research. Research faculty may be appointed for fixed terms; the length of the term will ordinarily coincide with the duration of the research grant or contract held by the University under which such appointments are made. Research faculty appointments are not tenure-track appointments.

**Resident Alien (and other eligible non-citizens):** A person who is not a citizen or national of the United States but who has been admitted as a legal immigrant for the purpose of obtaining permanent resident alien status.

**Resident Student:** A student who is a resident of the state in which he/she attends school.

**Retention Rate:** Percentage of a freshman, first-time, full-time, cohort, that returns for the second year at the institution.

**SAT:** Previously known as the Scholastic Aptitude Test, this is an examination administered by the Educational Testing Service and used to predict the facility with which an individual will progress in learning college-level academic subjects.

**Senior:** A student who has accumulated 90 or above credit hours.

**Short Courses:** Short courses for one, two, and three hours credit can be offered by any academic area. At times, these are referred to as post-sessions, inter-session, or mini-courses. Academic standards for such courses are comparable with standards in regular classes and require comparable achievement. Short courses may be offered between sessions, or during regular sessions at hours to be determined by the academic area involved. All short courses must be approved by the Provost. Class periods for such courses are usually longer than those for regular scheduled courses.

**Sophomore:** A student who has accumulated 30 - 59 credit hours.

**STEM:** Acronym for Science, Technology, Engineering, and Mathematics.

**STEM Major:** A field included in the Department of Education's CIP taxonomy within the two-digit series containing engineering (CIP code 14), biological sciences (CIP code 26), mathematics (CIP code 27), physical sciences (CIP code 40) or a related field.

**Student Level:** Undergraduate, Graduate or Professional.

**Summer Session:** An eight-week academic term during the months of June and July.

**Southern Association of Colleges and Schools—Commission on Colleges (SACS-COC):** This is the accrediting agency of higher education institutions in Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee, Texas, and Virginia. Maintaining fully accredited status ensures that our institution remains in compliance with federal expectations and continues to receive federal funding.

**Tenure:** Faculty with continuous appointments.

**Tenure-track:** Faculty with specific-term appointments or faculty with tenure awarded for a future date.

**Transfer Student:** A student entering the reporting institution for the first time but known to have previously attended a postsecondary institution at the same level (e.g., undergraduate, graduate). The student may transfer with or without credit.

**Tuition and Required Fees:** Tuition is the amount of money charged to students for instructional services. Tuition may be charged per term, per course, or per credit. Required fees are those fixed sums charged to students for items not covered by tuition.

**Two or More Races:** A person having origins in two or more race categories and not Hispanic/Latino.

**Unclassified Student:** A student taking courses creditable toward a degree or other formal award who cannot be classified by academic level. For example, this could include a transfer student whose earned credits have not yet been determined.

**Undergraduate Student:** A student enrolled in a four- or five-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate.

**Unknown Race/Ethnicity:** The category used to report students or employees whose race and ethnicity are not known.

**Vision Statement:** Articulates the organization's values and intended contribution to society and shares how the organization should look in the future by presenting the ideal, or an ambitious, long-term goal.

**Visiting Faculty:** A faculty members from another institution that are temporarily employed by the institution. Appointments are non-tenure track.

**Visiting Student:** A student from another institution that temporarily takes UNL classes.

**White:** A person having origins in any of the original peoples of Europe, the Middle East, or North Africa.

## **ABOUT THE COVER:**

Margaret James Murray Washington was an educator who served as principal of Tuskegee Normal and Industrial Institute. She was also the third wife of Booker T. Washington. She was inducted into the Alabama Women's Hall of Fame in 1972.

Margaret Murray, a native of Macon, Mississippi was one of ten children born to sharecroppers: an Irish immigrant father and a black American mother, a washerwoman and possibly former slave. Her father died when she was seven, and the next day she moved to live with a Quaker couple by the name of Sanders. They encouraged her to become a teacher, one of the few occupations available to women at the time. As a child, Margaret spent much of her time reading. By the age of fourteen, she was so advanced in her studies that the school offered her a teaching position. Determined to further her teaching career, at the age of nineteen, Margaret enrolled in Fisk University, where she completed the college preparatory course in five years and college in four.

It was at Fisk that Margaret would first meet Booker T. Washington. Regarding her as a model student, Booker asked her to take over the position of lady principal, formally held by his deceased second wife. By 1890, Margaret was writing to Washington to express her deep feelings for him. He proposed the following year and after some hesitation, Margaret accepted his proposal. The couple got married in 1893 and shared a home with Booker's relatives and his children from his previous marriage until they moved to The Oaks, the homestead which the Tuskegee Institute built for their family in 1901.

As lady principal, Margaret was responsible for supervising women students and supporting women on Tuskegee's faculty. She established the women's division curriculum for the lower and post-graduate division in sewing, laundering, millinery, soap-making, table-setting, cooking, and broom-making. During her tenure, she also created the Tuskegee Women's Club. A significant endeavor of the Woman's Club was the restoration of the Elizabeth Russell plantation, located eight miles outside of Tuskegee. For twelve years, she alongside other social reformers sought to rehabilitate the community through the strengthening of family structures. Implementing Tuskegee's "Bath, Broom, and Bible" program, she centered her social-uplift theory around improving motherhood and wifehood. The Tuskegee Women's Club later merged local organizations with women clubs to help improve the values and liberation of womanhood in black women of the Jim Crow south. She also worked for the betterment of the poor and neglected. In 1912, she would become the fifth president for the National Association of Colored Women.

Margaret remained at The Oaks until her death in 1925. She is buried in the university cemetery, next to her husband.

Tuskegee University is committed to maintaining and strengthening a fair and respectful environment for living, working, and studying. In compliance with federal and state law and University policy, the University does not tolerate gender-based discrimination or harassment, including sexual harassment, sexual assault, sexual violence and sexual misconduct.

No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance. Questions regarding the application of Title IX may be referred to Tuskegee University's Title IX Coordinator or to the U.S. Department of Education's Office for Civil Rights.

**Tuskegee University Title IX Coordinator:**
